

AKMAL FARIZKY HARDHANA

Content Creator | Creative & Content Analytics

📞 0899-1855-149 ✉ akmalfatizky@gmail.com 🌐 malworks.my.id 📍 Semarang, Central Java, Indonesia

PROFESSIONAL SUMMARY

Content Creator focused on content production, creative development, video editing, and content analytics. Experienced managing end-to-end content workflows from ideation and research through scripting, voice-over, editing, and publishing with a data-driven approach to evaluating performance and shaping content strategy.

EXPERIENCE

Content Creator & Channel Owner

2023 – Present

Kepikiran Aja – YouTube

- Built and managed a YouTube channel to 200K+ subscribers and 92M+ total views.
- Developed short-form content end-to-end, from concept and topic research through scripting and publication.
- Wrote scripts with strong hooks, narrative pacing, and storytelling structured for audience attention and retention.
- Produced and delivered voice-over for all published content, adapting tone and delivery to each concept.
- Analyzed content performance through YouTube Analytics — views, audience retention, and engagement patterns — to guide creative decisions.
- Translated performance insights into content strategy, refining topics, formats, and hooks to support continued audience growth.

Video Editor & Post-Production Specialist

2020 – Present

Freelance / Independent

- Edited short-form and long-form video content for digital platforms with professional production standards.
- Built visual storytelling through pacing, motion graphics, visual effects, and sound design.
- Managed full post-production, from rough cut to final delivery, including color correction, grading, and audio editing.
- Adapted editing style and export format to each platform and target audience to maximize viewer attention.
- Worked primarily in Adobe Premiere Pro, Adobe After Effects, and CapCut.

Creative & Digital Content Projects

2024 – Present

ThinkBros Studio

- Developed creative concepts and digital experiences for Roblox and online communities.
- Planned and executed independent creative projects from concept development through launch and iteration.
- Evaluated audience feedback and performance data to understand engagement and user behavior.
- Experimented with creative concepts and presentation approaches to improve audience reach and engagement.

Full-Stack Developer Intern

2023 – 2025

PT. Samaya Interactive & Indonesia Career Center Network (ICCN) – Semarang, Central Java

- Collaborated within a development team to deliver applications and websites for company and organizational clients.
- Coordinated with team members on project requirements and deadlines, building professional, deadline-driven work experience.
